### How do I use my Zefir Disposable?

1. Pop the Zefir Disposable out of its packaging by opening the blister foil.
2. Remove the mouthpiece cap. This cap was designed and intended to prevent ease of access from children and for hygiene purposes.
3. Slowly peel off the PEEL HERE, silver sticker at the bottom of the vape
4. Simply inhale from the mouthpiece, the light at the bottom of the device will light up when inhaling.
5. You will know that your Zefir Disposable is empty when there is insufficient liquid in the vape or the battery has run out. Once the Zefir Disposable is empty, cease use immediately and dispose of the Zefir Disposable safely.
6. Always ensure you carefully follow all directions given to you by your prescribing doctor or pharmacist. Always enquire with your doctor or pharmacist if you are unclear about or do not understand how to use your device.

### Who can use the Zefir Disposable?

Your Zefir Disposable is a single-use e-cigarette vaping device. It is designed for current smokers and former smokers to assist in smoking reduction and cessation. Do not use your Zefir Disposable Vape for any other purpose. Zefir Disposable is prescription only – always use in consultation with your doctor or pharmacist.

## How do I safely use my Zefir Disposable?

Always handle your device with care. Avoid any physical shock, beating or shaking of the device. Avoid damage to the device's external and internal components.

If you damage your device or the device is defective, do not attempt to repair or use the device, and dispose of the device safely and appropriately.

**Do not**, for any reason, disassemble or reassemble your device. Once the Zefir Disposable is empty, do not attempt to refill, reuse or re-purpose the device in any way.

The Zefir Disposable is intended for single-use only and must be disposed of once it is empty.

Always keep your device dry.

**Do not** immerse the device in water or any other solution, and do not wash under running water.

**Do not** use the device in high oxygen environments, in prohibited or restricted areas, or in areas with limited airflow and ventilation.

**Do not** use your device whilst driving or operating heavy machinery.

**Do not** use your device if:

It is expired, broken, cracked, deformed, defective, leaking, malfunctioning, water or liquids have entered or come into contact with the device, any contamination of the device is suspected, or there is a noticeable change in the taste or flavour of the e-liquid.

**Do not** share this device with anyone else under any circumstance.

**WARNING**  
CHOKING HAZARD  
This device contains small parts.

## How do I care for my Zefir Disposable?

For the best performance, prevent residue by keeping the mouthpiece and the device as clean and dry as possible.

Do not wash the device with water.

## How long does the Zefir Disposable last?

The length of time your Zefir Disposable will last can depend on a variety of factors. A Zefir Disposable used as instructed and in standard conditions is designed to last an average of 600 puffs or approximately two years. Your results may vary depending on the manner of your use.

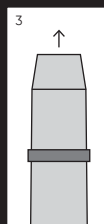

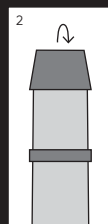

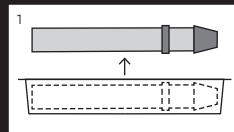

## How do I dispose of my Zefir Disposable?

Please dispose of your Zefir Disposable responsibly by recycling it.

Please visit [www.zefirvape.com.au](http://www.zefirvape.com.au) for further instructions.

## How does my Zefir Disposable work?

Please see "How do I use my Zefir Vape?" for more detailed instructions.

## What should I know about my health and safety?

Zefir Disposable contains nicotine and is prescription only – always use in consultation with your doctor or pharmacist. Do not use for any other purpose.

The e-liquid in your Zefir Disposable cannot be swallowed. If swallowed, seek immediate medical attention.

Seek medical attention if the product has come in contact with your eyes.

If you experience any discomfort or an allergic reaction while using the device, immediately cease use of the device and seek medical assistance.

Always check with your doctor if you have any medical ailments, including CVD, renal or hepatic impairment, adrenal or thyroid gland disorders, diabetes or lung disorders.

If ingestion occurs, seek immediate help from the Poisons Centre Australia on 13 11 26 or Poisons Centre New Zealand on 0800 764 766

## How do I store my Zefir Disposable?

## KEEP OUT OF REACH OF CHILDREN AND AWAY FROM PETS.

Always ensure you store your Zefir vape below 25°C.

**Do not** place or store your Zefir Vape in hot, humid or wet environments or near combustible or explosive materials.

**Do not** expose the device to heat, cold, dampness or direct sunlight.

Store your device securely and separate from food and drink and other medical products.
